

Infant Potty Training Plan

If your child is being potty trained, you must provide two complete sets of extra clothes (socks, shirt and pants). You must also provide five extra pair of underwear/panties in addition to 2 pull-up diapers.

We understand how important it is for children to have a successful experience when it comes to potty training. We will do our best to work with you when your child is ready to start potty training.

FMCCC teachers will assist infants with potty care needs every two hours, or as needed. After the second accident staff will change the infant and put them in the pull- up diaper. The child will still be assisted with potty training every two hours through out the day.

At home my child _____

when he/she needs to go potty.

The word my child uses for potty is _____.

During nap time my child sleeps with underwear pull-up diaper.
